**Note:** Courses are grouped into *Highest Rated* and *Lowest Rated* based on the *Average Adjusted Rating* of the four summative evaluation items (items #1-4) . The scale for *Average Rating*, *Average Adjusted Rating*, and *Amount Learned* is 0 (*Very Poor*) to 5 (*Excellent*). For the *CEI*, it is 1 (*Low*) to 7 (*High*). Courses evaluated using Form J (Studio/Clinical) are not included in this report because the standard summative evaluation items do not appear on this form.
